

“Name of Interpellation”

General information:

This template must be used for interpellations sent by members to the section board before section meetings. The text in the document must be removed and replaced by interpellation text, however, the font and text size must be retained.

Who is the interpellation directed to?

(if unknown, write the board)

Background:

This should be written if the ordinary member does not understand the interpellation without background or if the interpellator wants to support his question.

What is the question?

Depending on how extensive the interpellation is, this can vary between a sentence to a paragraph. If the interpellation is very long, there should be a short summary at the end.
